This Results Slip is not a certificate. It records the results awarded to the candidate in each subject for which they were registered and is issued by MATSEC as an official record of examination results.

Achievement is reported using the grades A, B, C, D and E, where A represents the highest level of attainment and E the minimum passing grade. A grade of F indicates that the candidate did not achieve a passing standard in the subject. The notation "abs" indicates that the candidate was absent for all assessed components of the subject.

For subjects that include school-assessed components, the relevant attainment is shown in the column labelled "Coursework".

MATSEC reserves the right to amend the information given on this statement. Official certificate(s) confirming the result(s) will be issued, where appropriate, in due course. Verification of this statement may be requested through MATSEC.
