Certificate Number: SEC253302

Director – MATSEC (November 2025)

The Level shows the overall attainment in the subject. Level 3 is the highest level while Level 1 indicates the lowest level of achievement.

The mark achieved by school candidates in Paper I is reported, with the highest mark being 30 and the lowest 0. This reflects the School Based Assessment mark/s as provided by the candidate's school and is not moderated by MATSEC. The letters 'np' mean candidates did not submit any work. The letters 'PC' in Paper I indicate that the candidate has sat for this subject as a private candidate.

The Grade indicates the achievement in Paper II only. Grade 1 indicates the highest level while Grade 8 shows the lowest level of achievement. Achievement lower than Grade 8 remains Unclassified (U). The letters 'abs' mean candidates were absent for this component.
